

GOULD ACADEMY

2011-2012

The 2012 Yearbook is Dedicated to Mrs. Kunkle

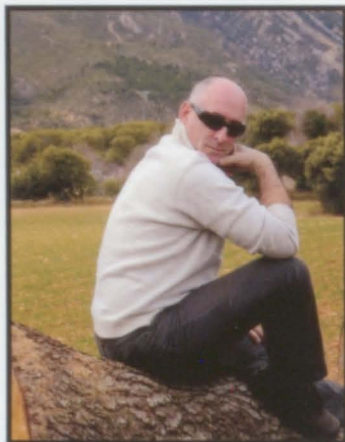

Mrs. Kunkle,

We couldn't let this year end without giving you the thanks and recognition you deserve from the senior class of 2012. You have resembled a mother-like figure to the entire student body, and were always there to help in any situation. I'll never forget the time my backpack was locked in the DSL on a Sunday and I barely knew you, yet you walked with me from Ordway to Hanscom to unlock it. It was simple acts like these that make you so lovable. You could often be found providing support as a fan on the sidelines of a game, or jumping in the dish room to take on the chore of doing dishes when a faculty member forgot. You never forgot. You took the time to learn every student in this community by name, and you remained present this year in Mr. Kunkle's absence due to health complications. You never failed to return a hello or a smile, and you continued to help students get into college even with everything else you were dealing with this year. You played so many important roles on campus, wife, college counselor, and a motherly figure to all. For that we thank you. Our class is lucky to leave here with the memory of your constant presence at such an important time in our lives. - Janell Marotta

Wow, I can't believe how fast these past three years have gone! I have had so many wonderful memories and experiences during my time at Gould. Thank you so much Mom and Dad for making Gould an option, I love you! Hannah, your the best sister I could ever have, I hope you enjoy Gould and make the best of it. Also, Ms. Barstow, thank you for always being there for me and advocating for me, you always know how to handle things. Finally, just thank you to everyone who has been at Gould the past three years who have made it amazing! I'm really going to miss you all.

HAILEY SARAUSKY

I would like to thank my Mom, Dad, Sister and Lance for being there for me during my 2 years at Gould. I would have never experienced the things I have if I never came to Gould, so I consider myself lucky that I have all of you to help me get closer to my dreams. My advisor Mr. Southam has become my "Father" away from home and although my time with him as an advisor was short, he is one of the funniest and supportive people I have ever met. I have considered Melissa Seib to be my "mini me," literally, and here by give her the right to show those boys how it's done on the mountain bike trails next year!

Thanks to my friends whose laughter at the dinner table keeps me going. Thanks to the teachers and faculty for showing me how it's done. And thanks to my parents whom I owe, literally and metaphorically, absolutely everything.

- Spencer

Thank you to all the friends that made me laugh, without you I'd be missing my other half. Thank you to Ella and Alyssa for keeping me on track, I love you guys to the moon and back. Thank you to the Manning for letting me study at their dinner table, and for "jennyguest" so I didn't have to use an ethernet cable. And Thank You to my amazing family who never frown, I can't wait for you to see me in my cap and gown.

- Stef

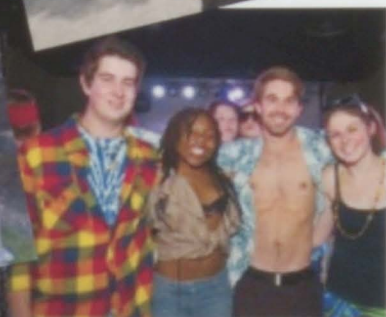

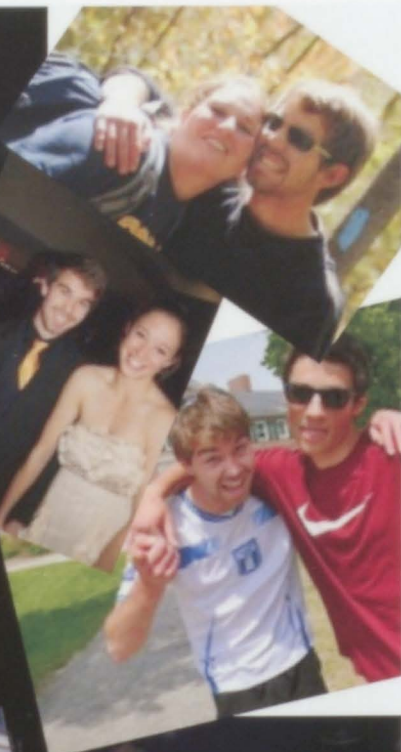

As independent as I try to be, I would be lost without the support and love of my family. Without them, nothing I have ever accomplished in this life would have been possible. They have gotten me this far and I am so grateful for that. I hope I can continue the journey from here. To my friends, my teachers, and every person I have ever connected to or loved, thank you from the bottom of my heart for all the energy, comfort, understanding, and joy you have brought to my life. From here, another crazy, wild adventure begins, but you will remain in my heart forever.

Thankyou Mom, Dad and Phil for sticking with me throughout the hard times. Without your support I never would have achieved the kind of success I did over the last four years. It's hard to believe that time has flown this fast. From that first day in Mr. Wight's algebra class to boarding my plane for China. Sprinting on the soccer field, and braving the winter cold on Junior four point. Gould Academy has helped shape me into the proud man I am today. Thank you to all faculty who helped guide me to reach my potential. Mr. Siekman, Ms. Masters, Mr. K, Mrs. Manning, Mr. Wight, Mr. Broderick, Mr. Parker, Mr. Hedden, MC, Mr. Riley, Ms. Libby, Mr. Bean, Mr. and Ms. Hughes, Mr. Kimball, Dr. Clarke and Mr. Gilman. You all had a big impact on my life and was honored to have you mentor me during my time at Gould. Under your wisdom I developed into a much better student, athlete, and human being. Also thank you to all my friends who made my experience at Gould an extraordinary one during my time. I'll never forget the quad of junior year, Connor, Pete, and Jesse. Good times on the bottom floor of Davidson. To the class of 2012, you are all unique, intelligent, and bright individuals with much to offer the world. Best of luck in the future and may you all find happiness in your personal endeavors. To my girlfriend Nika Chistov, I love you with all my heart. Without Gould I would have never had the pleasure of meeting you. You made my time at Gould truly special, and always put a smile on my face. The moments we shared here were some of my happiest, and they will be with me forever. I leave this school with fond memories of the past and husky pride in my heart. Thank you Peter for the last 4 decades of mah life.

I will never forget the day you were born. I held you in my arms and grabbed your little hand. Your fingers were so long. I thought, "He's going to be a piano player." Little did I know that those hands were made to create! From the moment you could talk you were inventing ways to make everything better. Those little hands came with an incredible imagination, a true gift that we hope you never lose. As you go out into the world, dig deep and never stop challenging yourself. Laugh often and smile like you are up to something. Your family will always be there for you.....no matter what trail you race down with cow bell in hand! We are so proud of you! Love- Mom, Dad & Taylor
